**PARAMOUNT
GARDEN'S
LIST
OF
ROCK GARDEN
PERENNIALS
FOR 1939**

This catalog is worth reading thru from first to last. It is not possible to emphasize on the first page all the exceptional items it contains and there are more unusual and choice rock garden plants listed herein than in any other catalog of its kind.

We wish to emphasize the fact that all the plants listed are hardy anywhere in this country and very few are difficult. We have many choice perennials in our exhibition garden which we do not list and we extend a cordial invitation to come and see them at any time.

We guarantee safe delivery in good condition.

Three plants of one variety may be ordered for $2\frac{1}{2}$ times the unit price; five plants of one variety for the price of four.

TERMS

NET CASH WITH ORDER

ORDER BY NAME AND NUMBER

Carriage charges paid east of the Mississippi.

Add 5% for carriage west of the Mississippi.

Add 10% for carriage and special packing to Canada, Cuba and Hawaii.

We guarantee safe delivery in good condition.

All shipments will be made at proper time for planting unless otherwise specified.

We do not substitute.

Quantity and dealers prices on application.

Price in every case is for single plants and unless otherwise specified five of one variety will be sent for the price of four.

We cannot fill orders for less than \$1.00.

ARTHUR H. OSMUN

57 SANDFORD AVE.

Paramount Gardens

PLAINFIELD, N. J.

IF you would have the best in your garden, plant the best, feed them the best and give them the best of care; all the flowers you have most admired have been produced by flower lovers who have done just that.

These are the new items in this year's catalog. Some are new to any catalog.

- 12 Plants — 2.00 Postpaid

NATIVE ORCHIDS

Terrestrial

These odd, exquisite, lovely flowers should be in every rock garden. Few realize the number of varieties available for use in the garden nor the ease with which they can be handled and established. All these listed are hardy anywhere; while all like shade and moisture, some like *Hab. Ciliaris*, *Calapogon* and the *Spiranthes*, will endure full sun and most of them make good cut flowers. Cultural directions with all orchids shipped.

When you cultivate, dig deeply; when you plant, plant the best; when you water, pour copiously; the successful gardener never does things 'by halves.'
